T-shirt print specification — D · the badge

A plain round-neck T-shirt — this design in both layouts. ① **the classic** (the emblem on the front, the design on the back) · ② **the bold** (the design on the front). **Choose one of the two — print either ① or ②, not both.** Hand this sheet and the files to the printer.

① **FRONT** — the emblem

① **BACK** — the design

OR

② **FRONT** — the design

② **BACK** — the line

The use: The badge: the emblem in a rainbow ring, the name arced around it — the formal one. Light cloth only.

Best cloth: White (or a soft cream) — the emblem and the fine text need a light cloth · not for black.

Exactly what to print

Print one layout only: either the two ① rows together, or the two ② rows together — not all four.
